

Kenzo Takada "Shogun" Ink

Enhanced with Gold and Red Metallic Sheen

Kenzo Takada is recognized worldwide as one of the most famous creators and designers of his generation. His recognizable style combines multicultural inspirations with a distinct Japanese touch.

Kenzo Takada sadly passed away just as the partnership with Jacques Herbin, who was dear to him, had started. This ink is thus a homage to this exceptional man.

Creating was Kenzo Takada's passion, a powerful drive to always bring beauty to the fore. The Herbin Shogun Ink by Kenzo Takada twilight-colored ink, reminiscent of a beautiful night of stars, is coated with fine red and gold shimmer. The resulting hue is reminiscent of certain armors from the Shogun era, for which Kenzo Takada held a fine appreciation.

350th Anniversary Inks

Enhanced with Gold and Silver Metallic Sheen

This elegant, deep green ink features delicate flecks of both silver and gold pigment, creating a luxurious sheen and subtle shade variation as you write. Inspired by the lush plant life said to have inhabited the fabled continent of Atlantis, Vert Atlantide is a tribute to the brand's founder, Jacques Herbin. An esteemed navigator, Herbin was believed to have been enthralled by the legend of this lost civilization. Vert Atlantide was chosen earlier this year by pen and ink aficionados from across the globe to commemorate the 350th anniversary of the Jacques Herbin brand; the oldest name in ink in the world.
